Mail Order Catalogue – Hydrangeas & more

Janica and Quin Amooore are pleased to present their catalogue. Woodleigh Nursery offer a huge range of hydrangea species/cultivars; and an eclectic selection of unusual plants.

Woodleigh is a mail order nursery that dispatches NZ wide. We like to make it as easy as possible to shop with us, so feel free to phone or email us your order. We have developed a very informative website where you can easily access colour images of our plants. The website is constantly maintained with up-to-date information, including current availability of plants in this catalogue, varieties that we have only in small numbers and others as they come available.

You are welcome to visit our nursery by appointment. Please phone to arrange.

We provide free handling and packaging for orders of \$40 + freight or more. For orders less than \$40 + freight a handling surcharge of \$8 will be added. To make up your order why not buy a plant for a friend, Hydrangeas do make lovely gifts. The prices in the catalogue include GST.

Freight varies according to where you live and the size of your order. As a guide, the minimum freight charge within the North Island is \$14, and within the South Island is \$22. An additional \$5.50 / box required for rural delivery. This is for a box that will hold approx. 8 plants. We will provide a quote for freight when we confirm the order.

If posting your order please include a limited open cheque, or phone / email to confirm price. We otherwise accept Internet Banking (Account number will be provided on conformation of order).

If you wish to have substitutes for any items sold out, please say so otherwise we will not substitute. All plants are believed to be correctly named and true to description.

Almost all of our plants are grown in pots and can be sent at any time of year. Most are grown in PB5 plastic bag pots which are about 15cm high.

H. macrophylla

		\$
Adria AVAILABLE DECEMBER	A great dwarf mophead with stunning sea blue flowers. 1.3m	14
Agnes Pavelli	Tall mophead Hydrangea with large heads of pure white flowers. Fine foil for woodland shrubs. 2m	14
Alpenglow	Rich glowing red mophead flowers. 1.5m	14
Altona	A superb blue mophead in acid soils. Good coastal plant and dried cut flower. 1.5m	14
Amethyst AVAILABLE SUMMER	A compact plant with rounded ruffled blooms either pale violet-blue or soft pink depending on the acidity of the soil. A perfect plant for small gardens or under windows. Frost tender. 1m	14
Arthur Billard ** AVAILABLE AUTUMN	Lovely rich glowing red mopheads. How this has been ignored for decades is a mystery. 1.2m	14
Ayesha	Large heads of pale pink or light blue flowers. The petals are thick and fleshy, quite different from any other Hydrangea. Wind hardy. 2m.	14
Beaute Vendomoise AVAILABLE LATE SPRING	Huge dinner plate size floating lacecaps flowers in the palest butterfly blue. A charmer. This is an old variety from the early 1900's. Don't be put off by the name.	14
Birgit Blue SOLD OUT	A compact, bushy hydrangea, with abundant pink or blue flowers. The flowers open pale and deepen with age. 1m	14
Bloody Marvellous (Merveille Sanguine)	UNIQUE plant with red leaves and superb red wine mophead flowers. In Europe this is called Merveille Sanguine which translates as Marvellous Blood. 1.5m	14
Blue Diamond AVAILABLE AUTUMN	Lovely cool blue mophead flowers on a compact plant. Grows well in shade. 1.2m	14
Blue Meisse	Super-duper vibrant blue lacecap. Plant them on a slope so you can look down on them 1.6m	14
Bridal Bouquet	Appropriate name for this beautiful white mophead. Grow in shade and you'll have the added joy of green antique flowers in autumn time. 1.3m	14
Colonel Durham **	Large pale pink mopheads. 1.5m	14
Coral	A stunning new variety. The flowers open pink or blue and as the season progresses the colour changes to red eventually fading to green with a white edge. A tidy compact plant	14
Domotoi	A delightful mophead with double frilled flowers, either pale blue or soft pink. 1m	14
Elbe	Large pale blue mophead flowers in acid soils or pale pink if planted in a pot or in lime soil. Great smaller growing variety. 1.2m	14
Emerald	An exciting new variety. Flowers open creamy pink or violet, age yellow before turning green	14
Forever (You Me)	One of the 'You Me' series. Lovely double lacecap flowers in colours of either delicate pale pink or blue (depending on soil). Grows well in a pot. 1m.	14
Fuji Waterfall (Hanabi)	A lovely white double lacecap, both sterile and true flowers are double giving a frilly lace effect. Performs better in shade. A big tall wind hardy shrub, salt tolerant. 2m	14
Gartenbau Kunhert AVAILABLE AUTUMN	Superb sky blue mophead. Has a second strong flowering in Autumn when most are finishing. 1.5m	14
Gentian (Enziandom)	One of the best. Huge rich blue mopheads. Needs acid soils. Great cut flower. 2m	14
Green Shadow AVAILABLE SUMMER	This is an exciting new variety. The flowers open with a definite dark green tinge, before turning a true red, then again taking on a green hue as the flowers antique. Popular for cut flower, grows well in a pot.	14
Harry's Red	A fine vibrant red mophead. 1.3m Add lime to get the best reds.	14
Hobella	A gorgeous double lacecap with shell pink sepals which turn green and then red in the antique phase. 1.5m	14
Holstein	Smokey lilac or pale pink round heads. Looks fabulous in a shady spot under trees. 1.5m	14
Hornli	A true dwarf with pinky-red mophead flowers. Great for a pot or planted as a low hedge. 0.6m	14
Immaculata	A small plant with ice white mops turning red or green in late summer. 1.2m	14
Libelle AVAILABLE LATE SPRING	A lovely lacecap. White sepals contrasting with the true blue flowers in the centre. 1.5m	14
Lightfire SOLD OUT	Huge dark glowing red mophead flowers. A vigorous, upright bush with lustrous dark green foliage. Ideal for pots and tubs. Good cutflower 1.5m	14
Lilacina AVAILABLE SUMMER	A delightful lacecap, sepals either pink or blue depending on the soil, contrasting with violet blue true flowers. A tough hardy plant. 1.8m	14
Lollipop	This is a gorgeous new variety. A tidy compact plant with small tightly packed mophead flowers in either soft pink or blue. As the flowers mature they become 2-	14

	toned with a touch green before antiquing red and green. 1m	
Mme Emile Mouillere SOLD OUT	A lovely white mophead, with glossy leaves making it ideal for coastal planting. The flowers are long lasting, aging light pink. This is a vigorous plant with an informal, arching habit, growing to approx. 2m in height. It is colder hardy than many varieties.	14
Mme Truffaut	The beautiful soft powder-blue mophead flowers are frilly and almost double. Weaker constitution when young. Requires shade. 1.5m	14
Masja AVAILABLE SUMMER	One of the best reds for tub culture. Small compact plant with glowing red flowers. 1.2m	14
Mathilda Gutges	Dwarf plant with intense blue mophead flowers. Good in tubs 1.3m	14
Merritts Supreme	Rich maroon-purple flowers with a frilled edge and glossy green foliage. Compact. 1.3m	14

Camellia chekiangoleosa	A Chinese species closely related to Camellia japonica. The large, showy, single flowers have a distinctly orange-red colour tone with masses of yellow anthers. Flowering late winter - early spring. 2+ m	18
C. Fairy Blush	Lightly scented; small, single pale pink flowers. Tidy upright growth. 1.5m	14
C. High Fragrance AVAILABLE SUMMER	Peony type flowers - pale ivory pink with deeper pink edges. Fragrant. 2m	14
C. irrawadiensis AVAILABLE SUMMER	A species Camellia from Burma, China. Large single white flowers with bright yellow stamens. Attractive to tui and bellbirds. This species is closely related to C. sinensis (tea camellia) and has been used for tea production.	25
C. Les Jury AVAILABLE SUMMER	A Les Jury hybrid from NZ. An eye catching, deep red, formal double flower. Vigorous, upright growing form, grows well in morning sun or part shade. 2.5m	14
C. lutchuensis AVAILABLE SUMMER	A species camellia from Japan. The tiny single white flowers are the most sweetly scented of any camellia. Evergreen, upright growing, with small green leaves. Best suited to a semi-shaded or open woodland environment.	20
C. Mine No Yuki (Moonlight) AVAILABLE AUTUMN	Masses of beautiful snow white double blooms. A sasanqua type, flowering early in April. A slower growing variety with glossy green leaves. 2m	14
C. Tanya AVAILABLE SUMMER	A sasanqua form. Masses of small single pink flowers smother this bush in autumn, providing a great food source for birds. Great as a specimen or as a hedge. Compact, tidy form with small leaves.	14
C. transnokoensis	A fabulous plant. Masses of tiny, single, white, scented flowers with small, dark green leaves. Forms a lovely dense hedge. 2.5m	14
C. tsaii	A species Camellia with delightful, dainty white, perfumed flowers. Small wavy leaves with reddish tinge, hang softly in a weeping fashion. A favourite food for Tui. 2.5m	14
Chionanthus virginicus	Fringe tree, from Eastern USA. Belongs to the Olive family. Forms a spreading, small tree, deciduous. Abundant feathery white flowers in spring, lightly scented. 4m	25
Clethra alnifolia	Superbly scented white flowers in summer. The flowers are in racemes like a Hebe. Dense shrub to 2 m.	20
Clivia Yellow	A lovely yellow form. Prolific and vigorous. Large flowering sized plants. Spring flowering. Likes a shady spot in the garden.	15
Clivia Sunset	Like those brilliant orange sunsets.Prolific and vigorous. Large flowering sized plants. Spring flowering. Likes a shady spot in the garden.	12.50
Clivia miniata x Miyaki Grandiflora	Vibrant orangey red. Prolific and vigorous. Large mature flowering sized plants – great value! Our best seller for mass planting.	12.50
Cryptomeria Egmont SOLD OUT	(Japanese Cedar) Commonly grown as a shelterbelt, also forms a lovely specimen tree.	8

Deutzia Magicien SOLD OUT	Deutzia 'Magicien' provides a real spring display with its large pink flowers edged white with a purple underside. Forms a narrow upright shrub. Prune after flowering.	16
Dietes robinsoniana	Lord Howe Wedding Lily. The largest species in the genus Dietes, grows on cliff faces, mountain tops, forest margins and coastal areas of Lord Howe Island. An attractive plant with dark green strap-like leaves and pure white flowers. 1.5m	10
Dipteronia sinensis	Endemic to China. A collector's plant. Forms a small tree with elegant, pinnate acer-like leaves. The seeds are the stand out feature, the winged seeds turn from pale green to purplish red in autumn. 10m	25
Dombeya Pink Cloud	Bunches of lovely soft pink flowers appear from autumn lasting through to spring. A moderately fast growing bush with large, dark green, tropical looking foliage. Evergreen. Prune after flowering to maintain smaller size. 2.5m	20
Edgeworthia gardneri (yellow daphne)	A rare plant from Nepal. Forms an open bush with soft, greyish-green leaves and globes of fragrant yellow flowers. Sunny well drained site. Tui love to feed on the flowers. 2m.	20
Edgeworthia grandiflora SOLD OUT	Yellow Daphne. The unusual pompom shaped, cream and gold flowers occur on the tips of the bare stems in August as a herald of spring. Lovely scent. Soft velvety, grey-green leaves, deciduous and hardy. 1.5m	16
Elatostema rugosa	Parataniwha, New Zealand native begonia. An attractive groundcover for damp shady areas. Bronze – green leaves, flowers are insignificant. 50cm	12
Elingamita johnsonii	A rare plant from the Three Kings Islands, NZ. The large, glossy, dark green leaves, and bright red fruit are attractive. Small, slow growing tree. Frost tender.	20
Eupatorium purpureum 'Gateway' AVAILABLE DECEMBER	Joe Pye weed. A bold, beautiful and easy care perennial. Large mauve-pink flower heads appear in late summer and autumn; and are favoured by the monarch butterflies. 1.5m	14
F. paniculata	A species from Central American highlands. The flowers are large panicles (upto 20cm across) with dozens of single pink flowers; edible grape like fruit. Lovely glossy green leaves with red stems. Forms a woody upright shrub.	14
Hosta Colour Glory	Large golden leaves with a green-blue edge and white flowers. Prefers partial shade. 60cm	12
Hosta Dew Drop	A miniature hosta. This one forms a tidy, compact plant ideal for an edging or to grow in a pot. Mid green leaves with a fine white margin and small lavender flowers. 15cm	12
Hosta Empress Wu	Prepare to be impressed, this one makes a statement. Large, bold green leaves, with white flowers in early summer. Grows to approx 1.2 high x 1.5 wide.	14
Hosta Fragrant Blue	One of the best blue hosta's; it produces new leaves through the season helping it to maintain a chalky blue colour. Best planted in shade to maintain blue colour. Pale lavender flowers are barely fragrant. 50cm	12
Hosta plantaginea grandiflora	Glossy spring green leaves with very showy, large, scented white flowers in summer. 60cm	12
Hosta Purple Heart	The purplish-red leaf stems give this hosta its name. Glossy lime green leaves, forms a neat and tidy clump. Hardy, prefers shade to semi-shade. 40cm	12
Hosta Sum & Substance	This hosta makes a statement. Large glossy, chartreuse green foliage, pale beneath, reaching upto 1m in height and width. Pale lavender to almost white flowers in summer. Hardy, prefers semi-shade. 1m	12
Illicium floridanum	Purple anise. An upright, evergreen shrub with aromatic foliage. The smooth, glossy dark green leaves smell like anise when crushed. Rich red-wine coloured flowers appear in spring, with a heady port-like fragrance. Prefers a shady location with cool moist soil. Related to the Star anise, though this form is not edible as it is toxic. 2m	25
Isoplexis canariensis	A rare, endangered plant from the Canary Islands off the coast of Morocco. An evergreen, upright shrub with glossy green leaves. Bright orange-red foxglove flowers appear in early spring, continuing through to autumn. Popular food source of Bellbirds. It is a cool-climate plant, full sun or light shade. Prune after flowering. 1.2m	14
Isoplexis sceptrum	Giant Madeira Foxglove. A stunning rare plant. Taller and more robust than the Canary Is. Foxglove, with broader, darker green leaves and larger dark orange foxglove flowers. Will form a tall woody shrub. 1.5m	25
Itea illicifolia	Hollyleaf sweetspire. Long racemes (upto 30cm) of creamy sweet honey smelling flowers. Glossy rich green holly-like leaves. 3m	20
Justicia aurea	A native shrub from Brazil. The big bright yellow flowers are great for brightening up a shady corner in winter. Prefers light shade. Evergreen and	14

	easy care. Flowers attract birds. 2m	
Justicia carnea alba	The white candelabra like flowers looking stunning against the dark green glossy leaves. Tropical looking. Requires shade and shelter. It is not as robust or cold tolerant as other types.	14
Justicia pauciflora 'Fire Flies' AVAILABLE SUMMER	Masses of nodding red flowers with yellow tips throughout the winter. Great for the birds. 60cm	14
Leucothoe fontanesiana	A native of south-eastern USA. An arching evergreen shrub ideal as a ground cover in a shady spot. Racemes of white Pieris like flowers in spring. The dark green, glossy, leathery leaves often take on a purple tinge in winter	16
Leucothoe grayana SOLD OUT	The purple tinted, bronze-yellow leaves of this small semi-evergreen shrub provide a stunning autumn display. It has stout green stems which turn a deep polished red in winter. The pale green racemes appear in summer. 1.2m	16
Ligularia reniformis	A large clump forming perennial with glossy dark green 'tractor seat' like leaves, bright yellow flowers in autumn / winter.	14
Lomandra longifolia	Basket Grass. A large Australian tussock grass with wide (10mm) strappy green leaves up to 80cm long. Lightly scented flowers. Tolerant of both sun or shade, great for mass plantings. 1m	10
Lonicera x purpusii 'Winter Beauty'	Clusters of creamy white flowers smother this bush through winter providing the most wonderful fragrance. Best planted somewhere you regularly pass to enjoy its scent. It grows as a deciduous, rounded bush, and is easily managed unlike its cousin the Himalayan honeysuckle (climber).	20
Lonicera hildebrandiana	Giant honeysuckle. Worth having for the name alone. An evergreen climber for a hot spot with very large scented apricot flowers. Rare.	20
Michelia maudiae		20
Osmanthus x fortunei	Dense holly like shrub to 2m. A dense holly like shrub with a truly fantastic fragrance from the small white flowers. Autumn flowering. 2m	20
Osmanthus fragrans AVAILABLE SUMMER	This upright shrub/small tree is revered in China and Japan for the heavenly scented flowers. Not as hardy as the other Osmanthus, so choose a warm sunny site. Evergreen, 5m.	30
Osmanthus fragrans var. aurantiacus AVAILABLE SUMMER	A rare orange flowered form of the temple Osmanthus. This upright shrub/small tree is revered in China and Japan for the heavenly scented flowers. Not as hardy as the other Osmanthus, so choose a warm sunny site. Evergreen. 3m	30
Parthenocissus henryana SOLD OUT	Eye-catching hardy climber with bronze maple like leaves with a prominent silver vein down each leaflet. Good autumn colour. Deciduous.	14
Philadelphus Belle Etoile SOLD OUT	Abundant single white flowers with a purple blush in the centre. Produces a gorgeous sweet fragrance which wafts through the garden from early to mid-summer. 1.5m	20
Philadelphus Boule D'Argent	An old-fashioned favourite. Dense clusters of double, pure white, orange blossom flowers smother the bush through early to mid-summer. Slightly fragrant. Grow in full sun to part shade. Deciduous. 1.5m	14
Phormium Green Dwarf	A small growing, very tidy, green flax. Tolerant of a range of conditions – coastal, dry, damp, windy. The yellow flowers which appear in spring are great for attracting tui and waxeyes.	6
Ptisana salicina (King fern) AVAILABLE SUMMER	The impressive native King fern. With its bold glossy green fronds, and grand stature, it makes a real statement in the garden. 3m	25
Rhododendron tuba AVAILABLE AUTUMN	A species rhododendron of the vireya type originating from the cooler mountainous regions of Papua New Guinea. Profuse flowering with a cascade of fragrant pale pink tubular flowers. A hardy plant with strong upright growth. 3m	25
Rosa Roseaie de L'Hay	One of the best rugosa roses. Rich scented wine-purple double flowers from summer to autumn. A rugosa rose with a dense suckering habit and vigorous, healthy growth.	16
Ruellia macrantha	A wonderful winter flowering shrub; the large bright pink flowers first appear in autumn and continue through until spring. A fast growing perennial with bright green leaves and stout upright stems. Prune hard after flowering. Will grow in sun or shade, frost sensitive, though can be grown in a pot. 1.5m	14
Streptosolen jamesonii (Marmalade bush)	The Marmalade bush provides a brilliant display all summer long. The small trumpet shaped flowers are two toned - bright orange, with a deeper orange coloured tip. A tough evergreen shrub for a hot dry sunny spot. A rare plant from South America. 1.2m	14
Strobilanthes gossypinus	An outstanding foliage plant with silvery gold felted leaves. Light shade. 1m	14

Tecomanthe speciosa	A climber from the Three Kings Islands. Tropical looking foliage with large white trumpet like flowers in autumn. Frost tender. Particularly hardy on the coast, tolerates strong winds.	16
Tree Lucerne AVAILABLE SUMMER	Tree lucerne is a versatile, small, fast growing tree. It flowers during the winter and is an important food source for birds and bees. It is a great 'nurse' crop, firewood, stock food.	2
Viburnum x burkwoodii	A gorgeous scented shrub. The clusters of small white flowers emerge from their pink buds in late winter - early spring. The shiny green leaves are semi-deciduous. Will grow in either full sun or part shade. Very cold tolerant preferring southern regions. Plant where you can enjoy the fragrance.	14
Viburnum x burkwoodii 'Anne Russell' AVAILABLE AUTUMN	A must have plant, providing a welcome winter display. An abundance of pink buds open to heavily fragrant white flowers in late winter. Deciduous, with lovely autumn colours. 1.5m	14
Viburnum Newport	One of the best viburnums. A compact, tidy shrub with masses of showy, white snowball flowers in spring. Superb autumn colour with the leaves turning a rich burgundy. 1.5m	14
Viburnum sargentii Onondaga	A stunning deciduous Viburnum. Maroon coloured new leaves emerge in spring, fading to green, turning red again in autumn. Spring flowering, a white lacecap type with pink true flowers in the centre. Full sun or part shade. 1.8m.	20
Viburnum opulus Sterile	The Snowball tree. A deciduous shrub smothered with large white 'snowball' flowers (hydrangea like too) in spring. Attractive green leaves with lovely autumn tones. 3m	14

Grandma's Hydrangeas

We have a range of charming old Grandma Hydrangeas. Actually they are a series of forgotten varieties that were nearly lost to cultivation. Most of these have disappeared in Europe; and in NZ haven't been available for decades. We are indebted to the late Os Blumhardt for keeping these plants when everyone else had forgotten them. The varieties with an ** are ones from Grandma's day.

Colours

The macrophylla or large leaf Hydrangeas are fabulous shrubs for providing colour all summer and into autumn. Many have heads which change colour in the autumn and these are called antique colours. Many are ideal cut flowers. Hydrangea colours are nearly all changeable depending on your soil. Alkaline or limey soil gives pinks and reds while acid soils make for good blues. It may take a year or two for blues to show their true colours.

Note: When you purchase your blue hydrangea it will often be pink / purple for the first year or two as they are grown in potting mix which has insufficient aluminium to produce full blue colour.

Hydrangeas like plenty of moisture and most will perform well in sun or shade. A mulch of bark or woodchip will aid their establishment and ongoing health.

The smaller growing varieties make excellent tub and patio plants. It is much easier to grow reds and whites in pots than it is to grow good blues as most potting mixes do not contain free aluminium which is essential for blues.

If you know of a friend who might like a catalogue, please feel free to spread the word about Hydrangeas and provide our contact details!
