## Mail Order Catalogue – Hydrangeas & more

Janica and Quin Amooore are pleased to present their catalogue. Woodleigh Nursery offers a huge range of hydrangea species/cultivars; and an eclectic selection of unusual plants.

Woodleigh is a mail order nursery that dispatches NZ wide. We like to make it as easy as possible to shop with us, so feel free to phone or email us your order. We have developed a very informative website where you can easily access colour images of our plants. The website is constantly maintained with up-to-date information, including current availability of plants in this catalogue, varieties that we have only in small numbers and others as they come available.

You are welcome to visit our nursery by appointment. Please phone to arrange.

We provide free handling and packaging for orders of \$40 + freight or more. For orders less than \$40 + freight a handling surcharge of \$8 will be added. To make up your order why not buy a plant for a friend, Hydrangeas do make lovely gifts. The prices in the catalogue include GST.

Freight varies according to where you live and the size of your order. As a guide, the minimum freight charge within the North Island is \$15, and within the South Island is \$25. An additional \$6 / box required for rural delivery. This is for a box that will hold approx. 8 plants. We will provide a quote for freight when we confirm the order.

If posting your order please include a limited open cheque, or phone / email to confirm price. We otherwise accept Internet Banking (Account number will be provided on confirmation of order).

If you wish to have substitutes for any items sold out, please say so otherwise we will not substitute. All plants are believed to be correctly named and true to description.

Almost all of our plants are grown in pots and can be sent at any time of year. Most are grown in PB5 plastic bag pots which are about 15cm high.

## H. macrophylla

|   |  | \$ |
|---|--|----|
| <b>Adria   AVAILABLE SUMMER</b>                                       | A great dwarf mophead with stunning sea blue flowers. 1.3m   | 14 |
| <b>Agnes Pavelli   AVAILABLE LATE SPRING</b>                          | Tall mophead Hydrangea with large heads of pure white flowers. Fine foil for woodland shrubs. 2m   | 14 |
| <b>Alpenglow</b>  | Rich glowing red mophead flowers. 1.5m   | 14 |
| <b>Altona   AVAILABLE LATE SPRING</b>                                 | A superb blue mophead in acid soils. Good coastal plant and dried cut flower. 1.5m   | 14 |
| <b>Amethyst   AVAILABLE SUMMER</b>                                    | A compact plant with rounded ruffled blooms either pale violet-blue or soft pink depending on the acidity of the soil. A perfect plant for small gardens or under windows. Frost tender. 1m        | 14 |
| <b>Arthur Billard **</b>  | Lovely rich glowing red mopheads. How this has been ignored for decades is a mystery. 1.2m   | 14 |
| <b>Ayesha   AVAILABLE LATE SPRING</b>                                 | Large heads of pale pink or light blue flowers. The petals are thick and fleshy, quite different from any other Hydrangea. Wind hardy. 2m.   | 14 |
| <b>Beaute Vendomoise</b>  | Huge dinner plate size floating lacecaps flowers in the palest butterfly blue. A charmer. This is an old variety from the early 1900's. Don't be put off by the name.                              | 14 |
| <b>Birgit Blue   AVAILABLE SUMMER</b>                                 | A compact, bushy hydrangea, with abundant pink or blue flowers. The flowers open pale and deepen with age. 1m  | 14 |
| <b>Bloody Marvellous (Merveille Sanguine)   AVAILABLE LATE SPRING</b> | UNIQUE plant with red leaves and superb red wine mophead flowers. In Europe this is called Merveille Sanguine which translates as Marvellous Blood. 1.5m   | 14 |
| <b>Blue Diamond</b>   | Lovely cool blue mophead flowers on a compact plant. Grows well in shade. 1.2m   | 14 |
| <b>Blue Meisse</b>  | Super-duper vibrant blue lacecap. Plant them on a slope so you can look down on them. 1.6m   | 14 |
| <b>Bridal Bouquet   AVAILABLE LATE SPRING</b>                         | Appropriate name for this beautiful white mophead. Grow in shade and you'll have the added joy of green antique flowers in autumn time. 1.3m   | 14 |
| <b>Colonel Durham **   AVAILABLE LATE SPRING</b>                      | Large pale pink mopheads. 1.5m   | 14 |
| <b>Coral   AVAILABLE SUMMER</b>                                       | A stunning new variety. The flowers open pink or blue and as the season progresses the colour changes to red eventually fading to green with a white edge. A tidy compact plant                    | 14 |
| <b>Domotoi</b>  | A delightful mophead with double frilled flowers, either pale blue or soft pink. 1m  | 14 |
| <b>Emerald   AVAILABLE SUMMER</b>                                     | An exciting new variety. Flowers open creamy pink or violet, age yellow before turning green   | 14 |
| <b>Emotion (YouMe)</b>  | Large flower heads of double, star shaped florets in a lace-cap form. Soft to mid pink or blue if planted in soil. Compact plant. 1.2m   | 14 |
| <b>Eternity (YouMe)   AVAILABLE SUMMER</b>                            | A delightful double pink with a cream centre or blue mophead depending on soil type. Large double lacecap flowers, last very well. Plant this one in a pot to keep the gorgeous pink flowers. 1.3m | 14 |
| <b>Forever (YouMe)   AVAILABLE LATE SPRING</b>                        | One of the 'You Me' series. Lovely double lacecap flowers in colours of either delicate pale pink or blue (depending on soil). Grows well in a pot. 1.3m.  | 14 |
| <b>Fuji Waterfall (Hanabi)   AVAILABLE SUMMER</b>                     | A lovely white double lacecap, both sterile and true flowers are double giving a frilly lace effect. Performs better in shade. A big tall wind hardy shrub, salt tolerant. 2m                      | 14 |
| <b>Gartenbau Kunhert   AVAILABLE SUMMER</b>                           | Superb sky blue mophead. Has a second strong flowering in Autumn when most are finishing. 1.5m   | 14 |
| <b>Gentian (Enziandom)   AVAILABLE LATE SPRING</b>                    | One of the best. Huge rich blue mopheads. Needs acid soils. Great cut flower. 2m   | 14 |
| <b>Geoffrey Chadbund   SOLD OUT</b>                                   | An outstanding spirea-red lacecap. Always admired. Very similar to Fasan   | 14 |
| <b>Green Shadow</b>   | The flowers open with a definite dark green tinge, before turning a true red, then again taking on a green hue as the flowers antique. Popular for cut-flower, grows well in a pot. 1.5m           | 14 |
| <b>Hamburg   SOLD OUT</b>   | A strong growing plant with enormous mophead flowers, either a lovely pink or blue, with massive foliage. Great for drying. 1.5m   | 14 |
| <b>Harry's Red</b>  | A fine vibrant red mophead. 1.3m Add lime to get the best reds.  | 14 |
| <b>Heinrich Seidel   SOLD OUT</b>                                     | Good-sized mopheads with frilly edged sepals. A lovely lilac shade in acid soil, light red in lime soil. Antiques well with lovely autumn tones. Handles sun, shade and wind. 1.8m                 | 14 |

|   |   |    |
|---|---|----|
| <b>Hobella</b>   AVAILABLE SUMMER               | A gorgeous double lacecap with shell pink sepals which turn green and then red in the antique phase. 1.5m   | 14 |
| <b>Holstein</b>   SOLD OUT (see Col. Durham)    | Smokey lilac or pale pink round heads. Looks fabulous in a shady spot under trees. 1.5m   | 14 |
| <b>Hopaline</b>   AVAILABLE SUMMER              | A new variety on our catalogue. Gorgeous soft blue mopheads changing to greens and reds in autumn as the flowers antique. Tidy, compact plant. 1.2m   | 14 |
| <b>Hornli</b>                                   | A true dwarf with pinky-red mophead flowers. Great for a pot or planted as a low hedge. 0.6m  | 14 |
| <b>Immaculata</b>   AVAILABLE LATE SPRING       | A small plant with ice white mops turning red or green in late summer. 1.2m   | 14 |
| <b>Libelle</b>                                  | A lovely lacecap. White sepals contrasting with the true blue flowers in the centre. 1.5m   | 14 |
| <b>Lilacina</b>                                 | A delightful lacecap, sepals either pink or blue depending on the soil, contrasting with violet blue true flowers. A tough hardy plant. 1.8m  | 14 |
| <b>Lollipop</b>   AVAILABLE LATE SPRING         | This is a gorgeous new variety. A tidy compact plant with small tightly packed mophead flowers in either soft pink or blue. As the flowers mature they become 2-toned with a touch green before antiquing red and green. 1m | 14 |
| <b>Madame Beardse</b>                           | Perfect plant for pots and tubs as the vibrant red mops stay red. 1m  | 14 |
| <b>Masja</b>                                    | One of the best reds for tub culture. Small compact plant with glowing red flowers. 1.2m  | 14 |
| <b>Mathilda Gutges</b>   AVAILABLE SUMMER       | Dwarf plant with intense blue mophead flowers. Good in tubs 1.3m  | 14 |
| <b>Merritts Supreme</b>   AVAILABLE SUMMER      | Rich maroon-purple flowers with a frilled edge and glossy green foliage. Compact. 1.3m  | 14 |
| <b>Miss Belgium</b>   SOLD OUT                  | An oldie but a goodie (breed 1935), it is the first time we have grown this one in a while. Masses of purplish-blue (acid soils) or magenta-red mophead flowers smother this bush. 1.5m                                     | 14 |
| <b>Montgomery</b>   AVAILABLE SUMMER            | A lovely plant with interesting colours regardless of soil pH. Vary from ruby red through to magenta purple with a blue centre. 1.2m.   | 14 |
| <b>Mrs Alice Blandy **</b>   SOLD OUT           | A lovely old variety from Granny's day. Pale blue mophead. 1.2m   | 14 |
| <b>Mrs Kumiko</b>                               | Rich lilac-pink mophead with very firm flower, frilled. Great for cut flower. 1.5m  | 14 |
| <b>Nightingale</b>                              | Big bold rich blue lacecaps. The "best" of the large blue lacecaps. 1.8m  | 14 |
| <b>Opal</b>   AVAILABLE SUMMER                  | An exciting new European variety. Large firm, mophead flowers are either a rosy pink or violet blue depending on the soil. Lovely antique tones. Great cutflower. A compact, disease resistant shrub. 1.2m                  | 14 |
| <b>Opuloides</b>   SOLD OUT                     | Neat white and blue lacecaps flowers on a modest size bush. 1.3m Scented flowers  | 14 |
| <b>Otaksa</b>   AVAILABLE SUMMER                | An old old Japanese variety with glossy wind hardy leaves. Big plant with huge pale blue mophead flowers. 2.5m  | 14 |
| <b>Paris (P Red)</b>   AVAILABLE SUMMER         | A real red mophead, maintaining its colour well in acid soils. Compact. 1m  | 14 |
| <b>Parzival</b>   AVAILABLE SUMMER              | Rich magenta to maroon. Quite stunning as it changes colours. 1.5m  | 14 |
| <b>Passion</b>   AVAILABLE SUMMER               | One of the 'You Me' series. A tidy compact hydrangea with large heads of double pink or blue flowers. Each individual flowers looks like a miniature rose. 1m   | 14 |
| <b>Piamina</b>                                  | A miniature hydrangea with small pink to lavender mophead flowers. Can take a while to establish. 0.6m  | 14 |
| <b>Pink Bouquet</b>                             | A good strong mid-pink mophead. Lovely antique tones. 1.5m  | 14 |
| <b>President Touchard</b>   SOLD OUT            | An excellent variety with masses of smallish heads of pink or rich lilac blue. One of the best purples. 1.5m  | 14 |
| <b>Princess Beatrix</b>                         | Masses of huge, frilly pink mophead blooms on a tidy compact plant. 1.2m  | 14 |
| <b>Princess Juliana</b>   AVAILABLE LATE SPRING | Lovely pure white mop head flowers. Great cut flower. 1.5m  | 14 |
| <b>Quadricolor</b>                              | Variegated leaves with four distinct colours in shades of green, cream and yellow. Pale pink to light blue lacecap flowers. Shade. 1.5m   | 14 |
| <b>Red Emperor</b>                              | One of the best reds and tends to stay red in acid soil. 1.3m   | 14 |
| <b>Red Start</b>   AVAILABLE LATE SPRING        | Unique rich dark red lacecap with spiralled flowers. 1.5m   | 14 |
| <b>Red Glow (Rheinland)</b>   SOLD OUT          | Glowing red mopheads. Ideal for cut flower. 1.5m  | 14 |

|   |   |    |
|---|---|----|
| <b>Renate Steiniger   AVAILABLE LATE SPRING</b>                         | Stunning rich blue flower heads turn metallic blue/green/crimson in autumn. 1.5m  | 14 |
| <b>Rochambeau **   SOLD OUT</b>   | A lovely old fashioned rosy pink or purple blue mophead. 1.2m   | 14 |
| <b>Romance (You Me)</b>   | One of the 'You Me' series. A lacecap type, smothered with multitudes of double star shaped pink or blue flowers. Great in a pot. 1m  | 14 |
| <b>Sabrina   AVAILABLE LATE SPRING</b>                                  | One of the Dutch Lady series with reddish coloured leaves. A lovely red and white twin coloured mop. Best in shade. 1.5m  | 14 |
| <b>Saturn   AVAILABLE SUMMER</b>  | A recent introduction from Europe. Large 2 toned deep pink and white mophead flowers. Looks fantastic planted with pink or white carpet roses. Prefers light shade to prevent burning. Compact form, 1m.                  | 14 |
| <b>Seafoam</b>  | Thought to be the wild form of <i>H. macrophylla</i> . Bold lacecap flowers, coastal hardy. 2m.   | 14 |
| <b>Selma</b>  | One of the Dutch Lady Series. The mophead flowers are a deep hotpink with a magenta eye, or reddish, violet purple in acid soils. The new foliage has a reddish tone. Good for cut-flower and drying. 1.2m                | 14 |
| <b>Sensation (Harlequin)   AVAILABLE LATE SPRING</b>                    | A two toned mophead, each red sepal has a frilly white edge. Tender. 1.2m   | 14 |
| <b>Sparkling Sapphire   AVAILABLE SUMMER</b>                            | Unique shiny green leaves with sky blue flowers. Best protected from hot sun. 1m  | 14 |
| <b>Together (You Me)</b>  | One of the 'You Me' series. Delicate pale pink or blue lacecap tightly packed with star shaped double blooms. Good pot specimen. 1m.  | 14 |
| <b>Tricolor</b>   | A variegated hydrangea with foliage that is deep green, grayish-green and pale yellow. The lacecap flowers are white with a tinge of pink in the sterile bracts. Prefers some shade, and protection from slugs and snails | 14 |
| <b>Trophy   AVAILABLE SUMMER</b>  | Show stopping double white lacecap. 2m  | 14 |
| <b>Venice   AVAILABLE SUMMER</b>  | A rich blue in acid soils or a hot pink aging to green in autumn. Stout upright stems on compact plant. Great plant for a pot. Good for cut flower and drying. 1m.  | 14 |
| <b>Vibraye (Generale Vicompesse de Vibraye)   AVAILABLE LATE SPRING</b> | The best pale blue mophead hydrangea. Flowers turn green in autumn. 1.5m  | 14 |
| <b>Zaunkonig</b>  | Deep pink or purple lacecap flowers are quite lovely. The name means Wren, a small European bird. 1.2m  | 14 |
| <b>Zurich   AVAILABLE LATE SPRING</b>                                   | Stunning dark blue, mophead flowers contrast well with the lush dark green leaves. Compact easy care bush. 1m   | 14 |

## H. arborescens

Cold / dry hardy species from eastern USA.

| Cultivar   |   | \$ |
|--|---|----|
| <b>Annabelle (Snowball hydrangea)   AVAILABLE SUMMER</b> | An outstanding shrub with very large white flower heads which turn green in late summer. Very cold hardy, requires semi-shade and shelter. 1.5m | 16 |
| <b>Radiata   AVAILABLE SUMMER</b>                        | A lovely white lacecap, repeat flowering. The underside of the leaf is white otherwise has similar foliage and habit to Annabelle. 1.5m         | 20 |

## H. aspera

A large growing, hairy leaved species – Himalaya, China & Taiwan.

| Cultivar                                |  | \$ |
|---|--|----|
| <b>Dawn   AVAILABLE SUMMER</b>          | A compact shrub with lovely white and sapphire blue lacecap flowers. Grow in sun or light shade.   | 20 |
| <b>Monkey Bridge   AVAILABLE SUMMER</b> | A wonderful tree hydrangea with massive lavender, pink & white lacecap flower heads +/- 45cm across. It is an evergreen hydrangea with large, reddish, hairy leaves. Requires a sheltered situation with plenty of room as it is tender, brittle and very large. | 20 |
| <b>New Beginnings   SOLD OUT</b>        | An exciting new aspera type hydrangea. Large white and lilac lacecap flowers through the summer. Forms an attractive shrub with large chocolate brown leaves, turning green through the season. Attractive to bees. 2m   | 20 |

|                                     |  |    |
|-------------------------------------|--|----|
| <b>Pink Lace   AVAILABLE SUMMER</b> | A compact shrub with soft pink lacecap flowers. Grow in full sun or light shade. 1.5m  | 20 |
| <b>Villosa   AVAILABLE SUMMER</b>   | Beautiful lilac-blue lacecap flowers through late summer. A very attractive, large growing shrub with narrow hairy leaves. Grow in full sun or light shade. 3m | 16 |

## **H. paniculata** Cold hardy, sun loving species from Japan and SE China.

| Cultivar                                  |   | \$ |
|---|---|----|
| <b>Bombshell (PVR)   AVAILABLE SUMMER</b> | <b>New!</b> I liken this one to a dwarf Limelight. A profusion of white cone-shape flowers on a very tidy, compact plant. Great mass planted or in a pot. 1.2m        | 18 |
| <b>Grandiflora   AVAILABLE SUMMER</b>     | (Pee Gee) Huge triangular shaped, white heads that age pink in autumn. 2m   | 14 |
| <b>Kyushu   AVAILABLE LATE SPRING</b>     | A dainty form, with white pointed, erect, cone shape flowers. 1.5m  | 14 |
| <b>Limelight   AVAILABLE LATE SPRING</b>  | Large lime-green / cream cone-shaped flowers which age pink. A strong upright growing shrub.  | 14 |
| <b>Sundae Fraise   AVAILABLE SUMMER</b>   | A lovely new addition to our range. A compact growing hydrangea with mid-sized white flower panicles flushed pink, turning a deeper reddish-pink in late summer. 1.5m | 16 |

## **H. quercifolia** Oakleaved hydrangea species from the woodlands of eastern USA.

| Cultivar                               |   | \$ |
|--|---|----|
| <b>Pee Wee   AVAILABLE LATE SPRING</b> | Oak shaped leaves with rich autumn colours. A tidy miniature form with smaller sized flowers too. 1m  | 16 |
| <b>Snowflake</b>                       | A superb double-flowered form of the oak-leaved hydrangea. The flowers open white, age to rosy pink, and dry well for a winter display. Autumn coloured foliage of wine-red to maroon, bright reds and orange. 1.5m   | 16 |
| <b>Snow Queen   SOLD OUT</b>           | A lovely single-flowered form, the perfect cones of white flowers turn delightful pink with age. The bold oak-shaped leaves turn rich crimson and purple providing a stunning autumn display. Will handle full sun, though prefers semi-shade in hot climates. 1.5m | 18 |

## **H. serrata** Species from the mountains of Japan and Korea. Prefers light shade.

| Cultivars                             |  | \$ |
|---------------------------------------|--|----|
| <b>Blue Deckle</b>                    | Delicious dainty blue lacecaps on a small compact bush. Ideal for pots & tubs 1m   | 14 |
| <b>Glyn Church   AVAILABLE SUMMER</b> | One of my favourite white hydrangeas. The tidy mophead flowers open cream, become pure white gradually taking on a pink tinge then red then red wine or green depending on light levels. This variety usually produces a second flush of blooms in late summer. Best in light shade. A hardy plant. 1.5m | 14 |
| <b>Grayswood</b>                      | Terrific plant because it's so unusual. The white lacecaps gradually turn pink then bright red and finally to red wine. All this in one flower. 1.5m   | 14 |
| <b>Kiyosumi   SOLD OUT</b>            | A delicate lacecap. White flowers with a red picotee edge. Leaves are small with a red tinge. 1.5m   | 16 |
| <b>Miyama-yae-Murasaki</b>            | A lacey looking dark-blue double lacecap with soft green leaves. 1.2m  | 16 |
| <b>Maiko</b>                          | A low growing; free flowering variety from the mountains of Korea. Lacecaps are light pink or purple. 0.8m   | 16 |
| <b>Oamacha   AVAILABLE 2021</b>       | The tea hydrangea. The sweet leaves are used as an infusion in Buddhist temples. It forms a medium sized bush with purplish lacecap flowers. Lovely autumn colour with the leaves turn dark red.   | 14 |
| <b>Preziosa</b>                       | A fabulous hydrangea. Flowers change from pale green, cream to white before turning pink then red wine coloured. 1.5m  | 14 |

|                            |   |    |
|----------------------------|---|----|
| <b>Shirotae   SOLD OUT</b> | A beautiful little knee high bush covered in double white starry lacecap flowers turning pink in the late summer. Ideal for pots and tubs or happy in shade. 0.6m                     | 16 |
| <b>Tiara</b>               | A delightful small shrub smothered with delicate lacecaps in spring, either pale pink or blue. Autumn tones. Requires a shady spot. 1m  | 14 |
| <b>Wryneck</b>             | This is a collectors plant. Slow growing, it forms a small, tidy plant with large soft green leaves. It has small round, soft blue flower heads that are tightly packed with flowers. | 20 |

## Hydrangea species & relatives

| Cultivars  |  | \$ |
|--|--|----|
| <b>H. angustipetala Gold Dust</b>                              | A species hydrangea from Taiwan. This one is unusual having golden yellow true flowers surrounded by creamy white bracts in a lacecap form. An evergreen hydrangea that will grow in full sun or shade. Height 1.5m                                      | 18 |
| <b>Hydrangea heteromalla 'Bretschneideri'   AVAILABLE 2021</b> | China. Forms a huge shrub or small tree with a brown trunk and peeling bark. Attractive, white, lacecap flowers early in the season, turning reddish as they age. Hardy.   | 20 |
| <b>H. indochinensis (dark leaved form)</b>                     | Vietnam. White sterile lacecap flowers contrasting with intense blue true flowers. Shiny blackish-green leaves.  | 25 |
| <b>H. lobbii</b>   | A species hydrangea from Taiwan. A semi-evergreen shrub, with glossy dark green leaves and creamy-white lacecap flowers. Plant in a sheltered position in full sun or light shade, protect from frost.   | 16 |
| <b>H. longifolia</b>   | Evergreen. An upright bush with very long, pointed, hairy leaves. Flower buds form on the end of each stem, opening as a dome of pink true flowers with white sepals. Long flower period. 1.8m   | 30 |
| <b>H. longipes</b>   | A species hydrangea from central China. Dark green, densely hairy leaves up to 20cm long, with white lacecap type flowers up to 20cm across. Forms a rounded shrub. Prefers a lightly shaded / woodland type location. 2m                                | 30 |
| <b>H. petiolaris (climber)</b>                                 | An unusual climbing species of hydrangea. Will cling to walls and tree trunks. A cascade of white lacecap flowers in summer. It will grow in difficult shady places. Slow growing.   | 20 |
| <b>H. scandens</b>   | A species from Japan and Taiwan that is not often seen in cultivation. H. scandens is a lovely woodland plant, it likes protection from sun and wind. It has small cream-white lacecap flowers that arrive in early spring.                              | 16 |
| <b>H. scandens ssp chinensis formosana</b>                     | Taiwan. Narrow, shiny, dark green foliage, with delightful white lacecaps. A tidy shrub of about 1m.   | 16 |
| <b>H. scandens ssp chinensis (Yunan</b>                        | Larger growing form from China with larger, softer leaves and bigger flowers. 1.5m   | 16 |
| <b>Decumaria sinensis (climber)   AVAILABLE SPRING</b>         | An evergreen, climbing, relative of hydrangea, with self-adhesive aerial roots. It has small white, fragrant flowers through summer, and small, rounded, dark green leaves. It will grow in shade; however it will flower better if given some sunlight. | 20 |
| <b>Dichroa 'Cambridge Blue'   AVAILABLE SUMMER</b>             | Has tight heads of rich blue flowers all summer. Bold leaves with attractive veining (corrugated patterns). Happy in sun or shade, this robust bush looks good all year. Evergreen 1.5m  | 14 |
| <b>Dichroa 'Summer Skies'</b>                                  | Best grown in shade, long arching leaves in bright lettuce green. The flowers are a mix of rich blue with larger white sterile florets. Often flowers twice a year, spring & autumn. Evergreen. 1.5m   | 14 |
| <b>Dichroa versicolor   AVAILABLE SUMMER</b>                   | Related to hydrangea. Evergreen. Rich electric blue waxy star flowers for most of the year. 1.5m   | 14 |
| <b>Pileostegia viburnoides (climber)   AVAILABLE SUMMER</b>    | A self-clinging climbing Hydrangea from China with panicles of white fluffy flowers. An evergreen climber with attractive fleshy, dark green leaves. It will grow in difficult shady places. It can be rather slow to establish.                         | 25 |
| <b>Schizophragma hydrangeoides   AVAILABLE LATE SPRING</b>     | This species is a relative of the hydrangea and is very similar to the climbing hydrangea. It has very large creamy white lacecap flowers. Brilliant climber for a difficult shady site though will flower better if in a sunny site. Frost hardy.       | 25 |
| <b>Schizophragma hydrangeoides</b>                             | This species is a relative of the hydrangeas and is very similar to the climbing hydrangea. It has very large creamy white lacecap flowers with a rose blush.  | 25 |

|  |  |    |
|--|--|----|
| <b>Roseum   AVAILABLE LATE SPRING</b>          | Brilliant climber for a difficult shady site, though will flower better if in a sunny spot. Frost hardy  |    |
| <b>Schizophragma integrifolium ssp. Faurei</b> | Collected in Taiwan. This species is a relative of the hydrangea and is very similar to the climbing Hydrangea however has much larger flower heads (up to 30cm wide) with white bracts. Ideal up a ponga or old tree trunk. Slightly less frost hardy than Hydrangea petiolaris and S. hydrangeoides. | 25 |

## Natives, Scented & Unusual Plants

| Cultivars   |   | \$ |
|---|---|----|
| <b>Abutilon Candyfloss   AVAILABLE LATE SPRING</b>                | Large 'candyfloss' pink bell-shaped flowers. Long flowering period. Happy in sun or shade. Attractive to Tui's and Bellbirds.   | 14 |
| <b>Abutilon Golden Fleece   AVAILABLE LATE SPRING</b>             | Large, golden, butter-yellow, bell-shaped flowers. Long flowering period. Happy in sun or shade. Attractive to Tui's and Bellbirds. 2m  | 14 |
| <b>Abutilon insigne   AVAILABLE 2021</b>                          | A very rare and unusual climbing form of Abutilon from South America. Red wine bell shaped flowers. A collectors plant.   | 25 |
| <b>Abutilon Orange Bells   AVAILABLE LATE SPRING</b>              | Lovely large, bell-shaped, orange flowers. Long flowering period. Happy in sun or shade. Attractive to Tui's and Bellbirds. 2m  | 14 |
| <b>Abutilon Plum Delight   AVAILABLE LATE SPRING</b>              | Large 'plum' red bell-shaped flowers. Long flowering period. Happy in sun or shade. Attractive to Tui's and Bellbirds. 2m   | 14 |
| <b>Abutilon Strawberry Crush</b>                                  | A superb red Abutilon. Large flowers and compact habit. Happy in sun or shade. Attractive to Tui's and Bellbirds. 2m  | 14 |
| <b>Abutilon Turkish Delight   AVAILABLE SUMMER</b>                | Unique! Attractive reddish-brown coloured leaves contrast well with the bright pink bell-shaped flowers.  | 14 |
| <b>Abutilon White Star   AVAILABLE LATE SPRING</b>                | Large pure white bell shaped flowers with a golden centre. Long flowering period. Happy in sun or shade. Attractive to Tui's and Bellbirds. 2m  | 14 |
| <b>Agapetes serpens Scarlet Elf</b>                               | A rare plant from the Himalaya's in Nepal / India. Waxy, orange-red pendulous flowers can appear throughout the year, most abundant in spring. Dark green, oval shaped, leathery leaves. A sprawling shrub approx 1m tall and 1.5m wide. Likes good drainage, light shade and can tolerate high humidity. Ericacea.   | 20 |
| <b>Ajuga reptans alba</b>   | A fantastic groundcover; the dense mat of lush green leaves excludes all weed growth. It spreads by runners in a similar way to a strawberry plant. Masses of white flowers through spring and summer. Frost hardy, shade tolerant.   | 7  |
| <b>Albuca nelsonii</b>  | A robust, evergreen, bulbous perennial from South Africa. This is a striking plant, a great alternative to agapanthus. Spikes of white and green flowers through summer last well and are good for cut-flower. Dolerant of dry shade. 1m  | 10 |
| <b>Aloysia triphylla (Lemon Verbena)   AVAILABLE SUMMER</b>       | Refreshing citrus-scented leaves. Forms a deciduous shrub with tiny sprays of purple or white flowers. 1.5m   | 14 |
| <b>Anemanthele lessoniana (Gossamer Grass)   AVAILABLE SUMMER</b> | Gossamer grass. Forms a large fine-leaved tussock with feathery flower heads. 1m  | 6  |
| <b>Arthropodium candidum Purpureum</b>                            | Green / bronze foliage with masses of delicate white flowers from spring to summer. Deciduous. 20cm   | 10 |
| <b>Arthropodium Matapouri Bay (Renga Lily)</b>                    | A popular, reliable form with broad, arching, blue-green leaves. Masses of star-like white flowers appear from late spring. 0.5m  | 6  |
| <b>Asplenium bulbiferum</b>                                       | The native hen and chicken fern. Popular as an indoor plant or outdoors in a shady location. The finely cut, fresh green fronds create a sub-tropical look. Forms a fantastic groundcover. 1m   | 10 |
| <b>Begonia luxurians   AVAILABLE SUMMER</b>                       | An unusual species begonia from the Brazilian rainforests. Handsome foliage, with large (upto 40cm across) fan-shaped leaves, slender fingers & coppery undersides. It is a cane-stemmed begonia and can reach 2 - 3 m (pruned for smaller size), creating a palm-like effect. Yellow-white flower clusters in spring. Prefers frost free situation with bright light. Will grow indoors. | 14 |
| <b>Brugmansia aurea (Golden Angel's Trumpet)</b>                  | From South America, now extinct in the wild. The trumpet shaped flowers occur throughout the year. The colour varies from pale yellow to golden orange - the colour intensity changing with the temperature. It is a member of the Solonaceae family, all parts of the plant are poisonous.3m   | 14 |

|   |   |    |
|---|---|----|
| <b>Brugmansia Double White</b>                              | Masses of trumpet shaped double white flowers. Will grow in full sun or open woodland situation. It is a member of the Solonaceae family; all parts of the plant are poisonous. 3m  | 14 |
| <b>Brugmansia Noels Blush</b>                               | Mass display of pale pink flowers, up to 3 times per year. It is a member of the Solonaceae family; all parts of the plant are poisonous. 3m  | 14 |
| <b>Callicoma serratifolia</b>                               | A native plant from Australia, common in coastal areas of NSW and southern Queensland. It forms an evergreen shrub or small tree tree with interesting foliage. Numerous small, fluffy pale-yellow flowers appear in late spring. Frost tender when young.      | 18 |
| <b>Calytrix tetragona (Grampians Fringe Myrtle)</b>         | A myrtle species from southern Australia. Forms a bright green shrub with tiny, spicy aromatic leaves. Masses of pink or white flowers appear in spring clustered along the arching branches. Good drainage required; lightly prune to avoid woody growth. 1.2m | 18 |
| <b>Camellia Ariel's Song   AVAILABLE SUMMER</b>             | Small, single white flowers smother this strong growing, bushy camellia through spring. Small mid-green leaves. Forms a good hedge.   | 14 |
| <b>Camellia chekiangoleosa</b>                              | A Chinese species closely related to Camellia japonica. The large, showy, single flowers have a distinctly orange-red colour tone with masses of yellow anthers. Flowering late winter - early spring. 2+ m   | 18 |
| <b>Camellia Cornish Snow</b>                                | Masses of pink buds, open to reveal miniature single white flowers. Smallish dark green leaves, open, upright form. 2m  | 14 |
| <b>Camellia Dr Clifford Parkes</b>                          | Very large, double rich red flowers. Semi double peony form. A hardy, vigorous shrub up to 3m. Best in part shade. (Large plants)   | 18 |
| <b>Camellia Fairy Blush   AVAILABLE SUMMER</b>              | Lightly scented; small, single pale pink flowers. Tidy upright growth. 1.5m   | 14 |
| <b>Camellia gauchowensis</b>                                | Species. Lightly scented, single white flowers from late autumn through into winter. Strong upright form. 4m  | 22 |
| <b>Camellia grijsii   AVAILABLE 2021</b>                    | Species camellia from southern China. The scented flowers are single with heart shaped petals. Upright growth habit, forms a small tree. 4m.  | 22 |
| <b>Camellia High Fragrance   AVAILABLE SUMMER</b>           | Peony type flowers - pale ivory pink with deeper pink edges. Fragrant. 2m   | 14 |
| <b>Camellia irrawadiensis</b>                               | A species Camellia from Burma, China. Large single white flowers with bright yellow stamens. Attractive to tui and bellbirds. This species is closely related to C. sinensis (tea camellia) and has been used for tea production.                               | 22 |
| <b>Camellia Koto-no-kaori</b>                               | A profusion of scented, dainty, rose-pink flowers with yellow centre from autumn to winter. Vigorous, upright growth with small deep green leaves. 2m   | 14 |
| <b>Camellia Lily Pons   SOLD OUT</b>                        | One of the best white japonica types. Large semi-double white flowers with golden stamens through winter. Strong, upright growth with glossy green leaves. 2.5m   | 14 |
| <b>Camellia lutchuensis   AVAILABLE SUMMER</b>              | A species camellia from Japan. The tiny single white flowers are the most sweetly scented of any camellia. Evergreen, upright growing, with small green leaves. Best suited to a semi-shaded or open woodland environment.                                      | 20 |
| <b>Camellia microphylla   AVAILABLE SUMMER</b>              | A species Camellia, microphylla meaning small leaves. This is our first Camellia to flower in autumn, with masses of single white, lightly fragrant flowers. Forms a dense hedge, a good alternative to buxus or broadleaf.                                     | 14 |
| <b>Camellia Mine No Yuki (Moonlight)   AVAILABLE SUMMER</b> | Masses of beautiful snow white double blooms. A sasanqua type, flowering early in April. A slower growing variety with glossy green leaves. 2m  | 14 |
| <b>Camellia Setsugeka</b>                                   | Masses of delightful pure white, semi-double flowers through winter / spring. An upright growing shrub with dark green, glossy leaves. Forms a lovely hedge. 2m   | 14 |
| <b>Camellia Silver Anniversary</b>                          | Japonia type with large semi-double pure white flowers with golden centre. Vigourous upright growth. Prefers light shade. 2.5m  | 14 |
| <b>Camellia Silver Dollar   AVAILABLE LATE SPRING</b>       | Sasanqua type. Medium sized pure white, double flowers from autumn to early winter. Dense, upright habit, forms tidy low growing hedge. 2m  | 14 |
| <b>Camellia sinensis rosea</b>                              | This is an unusual pink flowering form of the common tea from the Jury's garden in Tikorangi. Small dusky pink flowers, the leaves longer, softer and darker. 1.8m  | 16 |
| <b>Camellia Sparkling Burgundy</b>                          | Sasanqua type. Masses of ruby pink, medium sized, peony shaped flowers from late autumn. Vigourous, willowy growth with dark green leaves. 2m   | 14 |
| <b>Camellia Tanya</b>                                       | A sasanqua form. Masses of small single pink flowers smother this bush in autumn, providing a great food source for birds. Great as a specimen or as a hedge. Compact, tidy form with small leaves.   | 14 |
| <b>Camellia transnokoensis   AVAILABLE SUMMER</b>           | A fabulous plant. Masses of tiny, single, white, scented flowers with small, dark green leaves. Forms a lovely dense hedge. 2.5m  | 14 |

|   |   |           |
|---|---|-----------|
| <b>Camellia tsaii</b>   | A species Camellia with delightful, dainty white, perfumed flowers. Small wavy leaves with reddish tinge, hang softly in a weeping fashion. A favourite food for Tui. 2.5m  | 14        |
| <b>Camellia Weeping Maiden</b>                                  | Sasanqua. Masses of single white flowers with golden stamens from autumn to early winter. Moderately fast growing. 2m   | 14        |
| <b>Camellia yuhsienensis</b>                                    | Species. Profusion of pure white, scented single flowers. Forms a rounded evergreen shrub. Moderate growth. 1.8m  | 22        |
| <b>Camellia Yuletide</b>  | Sasanqua type. Stunning single, crimson red flowers with yellow centre. Compact, upright growth habit. 2m   | 14        |
| <b>Cantua buxifolia alba</b>                                    | Sacred flower of the Inca's. The Cantua is the National flower of Peru. Beautiful pendant yellow & white flowers in spring. An evergreen shrub with an open habit, benefits from pruning after flowering. Tolerant of light frosts. 2.5m  | 20        |
| <b>Chionanthus virginicus</b>                                   | Fringe tree, from Eastern USA. Belongs to the Olive family. Forms a spreading, small tree, deciduous. Abundant feathery white flowers in spring, lightly scented. 4m  | 25        |
| <b>Clethra alnifolia</b>  | Superbly scented white flowers in summer. The flowers are in racemes like a Hebe. Dense shrub to 2 m.   | 20        |
| <b>Clivia Sunset</b>  | Like those brilliant orange sunsets. Prolific and vigorous. Large flowering sized plants. Spring flowering. Likes a shady spot in the garden.   | 12.5<br>0 |
| <b>Clivia miniata x Miyaki Grandiflora</b>                      | Vibrant orangey red. Prolific and vigorous. Large mature flowering sized plants – great value! Our best seller for mass planting.   | 12.5<br>0 |
| <b>Corylopsis pauciflora (Witch Hazel)</b>                      | This is a gem, the smallest of the witch hazel's. Tiny lemon bell flowers smother the plant in spring before the dainty heart shaped leaves appear. Deciduous. 1m   | 16        |
| <b>Cryptomeria Egmont</b>                                       | (Japanese Cedar) Commonly grown as a shelterbelt, it also forms a lovely specimen tree.   | 8         |
| <b>Davidsonia pruriens (Davidson's plum)   AVAILABLE AUTUMN</b> | A rainforest tree from northern Queensland Australia. Forms a medium sized tree with large compound leaves. Edible, purple, plum-like fruit are produced in autumn winter, the red flesh makes a lovely jam. Prefers moist, fertile soils; protect from frost and strong wind. 6m   |           |
| <b>Deutzia Magicien</b>   | Deutzia 'Magicien' provides a real spring display with its large pink flowers edged white with a purple underside. Forms a narrow upright shrub. Prune after flowering.   | 16        |
| <b>Deutzia purpurascens</b>                                     | Native of Yunan province of China. Uncommon. Masses of lovely pinky white flowers in spring. A hardy deciduous shrub. 1.8m  | 20        |
| <b>Dombeya Pink Cloud   AVAILABLE LATE SPRING</b>               | Bunches of lovely soft pink flowers appear from autumn lasting through to spring. A moderately fast growing bush with large, dark green, tropical looking foliage. Evergreen. Prune after flowering to maintain smaller size. 2.5m  | 20        |
| <b>Edgeworthia gardneri (yellow daphne)</b>                     | A rare plant from Nepal. Forms an open bush with soft, greyish-green leaves and globes of fragrant yellow flowers. Sunny well drained site. Tui love to feed on the flowers. 2m.  | 20        |
| <b>Erythrina crista-gallii (Brazilian coral tree)</b>           | If you want to add a tropical touch to your garden, then this plant is for you. Large glossy foliage and huge heads of crimson scarlet "kakabeak" flowers. Deciduous tree. Surprisingly hardy, will recover from frost. 6m  | 25        |
| <b>Eupatorium purpureum 'Gateway'</b>                           | Joe Pye weed. A bold, beautiful and easy care perennial. Large mauve-pink flower heads appear in late summer and autumn; and are favoured by the monarch butterflies. 1.5m  | 14        |
| <b>Fuchsia paniculata</b>                                       | A species from Central American highlands. The flowers are large panicles (upto 20cm across) with dozens of single pink flowers; edible grape-like fruit. Lovely glossy green leaves with red stems. Forms a woody upright shrub.   | 14        |
| <b>Hibicus mutabilis (Cotton Rose)</b>                          | This is a beauty we found flowering in a garden in late summer in Waihi. The Cotton Rose has quite large semi-double white flowers which gradually turn pale pink before aging dark pink. All present on the tree at one time. A good food source for bees. The large grass-green, maple shaped leaves are soft in texture, turn butter yellow in autumn; deciduous. A stunning, upright small tree for mild climates or multi-leadered shrub in cooler places. Prune to maintain shrub form. | 20        |
| <b>Hosta Blue Mammoth</b>                                       | This one makes a statement forming a giant mound with its large chalky-blue leaves. The lily-like white flowers appear through summer. Prefers a shady location. 1m.  | 12        |
| <b>Hosta Colour Glory</b>                                       | Large golden leaves with a green-blue edge and white flowers. Prefers partial shade. 60cm   | 12        |

|  |  |    |
|--|--|----|
| <b>Hosta Dew Drop</b>  | A miniature hosta. This one forms a tidy, compact plant ideal for an edging or to grow in a pot. Mid green leaves with a fine white margin and small lavender flowers. 15cm  | 12 |
| <b>Hosta Minke</b>   | This one is a giant with a subtle variegation. The upright blue-green leaves have a fine yellow-cream margin and can reach a height of +/- 1m. Pale lavender flowers in summer. 1m   | 12 |
| <b>Hosta plantaginea grandiflora   AVAILABLE LATE SPRING</b>     | Glossy spring green leaves with very showy, large, scented white flowers in summer. 60cm   | 12 |
| <b>Hosta Stained Glass</b>                                       | A stunning variegated variety. The golden leaves, with a dark green edge have prominent veins giving the leaves a 'stained glass' effect. Fragrant pale lavender flowers appear in late summer. Adequate moisture needed if planted in full sun to avoid burning. 40cm   | 12 |
| <b>Hosta Sum &amp; Substance   SOLD OUT</b>                      | This hosta makes a statement. Large glossy, chartreuse green foliage, pale beneath, reaching upto 1m in height and width. Pale lavender to almost white flowers in summer. Hardy, prefers semi-shade. 1m   | 12 |
| <b>Illicium anisatum   AVAILABLE SPRING</b>                      | False anise. A slow growing, small, evergreen shrub with glossy leaves which when crushed emit a spicy, peppery fragrance. Small, creamy white flowers appear in mid-winter, and look lovely in a vase. Sun or shade. 1.5m   | 25 |
| <b>Illicium anisatum prostratum   AVAILABLE LATE SPRING</b>      | False anise. A groundcover form of Illicium anisatum. Glossy evergreen leaves which when crushed emit a spicy, peppery fragrance. Small, creamy white flowers appear in mid-winter. Sun or shade. Groundcover.   | 20 |
| <b>Illicium floridanum   AVAILABLE LATE SPRING</b>               | Purple anise. An upright, evergreen shrub with aromatic foliage. The smooth, glossy dark green leaves smell like anise when crushed. Rich red-wine coloured flowers appear in spring, with a heady port-like fragrance. Prefers a shady location with cool moist soil. 2m  | 25 |
| <b>Isoplexis canariensis   SOLD OUT</b>                          | A rare, endangered plant from the Canary Islands off the coast of Morocco. An evergreen, upright shrub with glossy green leaves. Bright orange-red foxglove flowers appear in early spring, continuing through to autumn. Popular food source of Bellbirds. It is a cool-climate plant, full sun or light shade. Prune after flowering. 1.2m | 14 |
| <b>Isoplexis sceptrum</b>  | Giant Madeira Foxglove. A stunning rare plant. Taller and more robust than the Canary Is. Foxglove, with broader, darker green leaves and larger dark orange foxglove flowers. Will form a tall woody shrub. 1.5m  | 25 |
| <b>Itea illicifolia   AVAILABLE SUMMER</b>                       | Hollyleaf sweetspire. Long racemes (upto 30cm) of creamy sweet honey smelling flowers. Glossy rich green holly-like leaves. 3m   | 20 |
| <b>Justicia aurea   AVAILABLE LATE SPRING</b>                    | A native shrub from Brazil. The big bright yellow flowers are great for brightening up a shady corner in winter. Prefers light shade. Evergreen and easy care. Flowers attract birds. 2m   | 14 |
| <b>Justicia carnea alba   AVAILABLE LATE SPRING</b>              | The white candelabra like flowers looking stunning against the dark green glossy leaves. Tropical looking. Requires shade and shelter. It is not as robust or cold tolerant as other types.  | 14 |
| <b>Justicia pauciflora 'Fire Flies'   AVAILABLE LATE SPRING</b>  | Masses of nodding red flowers with yellow tips throughout the winter. Great for the birds. 60cm  | 14 |
| <b>Lobellia laxifolia</b>  | (Mexican Cardinal flower) An interesting shrubby perennial from Mexico. Masses of tubular orangey-red and yellow flowers from winter to late spring. Can tolerate sunny, dry conditions. Looks great in the garden alongside Streptosolen jamesonii. Popular for birds. 1.5m   | 16 |
| <b>Lomatia ferruginea   AVAILABLE SUMMER</b>                     | A handsome evergreen shrub or small tree from Chile. The dark green fern-like leaves with red brown velvet stems are popular for floral work. It is a coastal species in its natural habitat, can tolerate short dry periods, and light frosts. Lomatia is a member of the Proteaceae family and does not like phosphorus. 10m               | 25 |
| <b>Lonicera x purpusii 'Winter Beauty'</b>                       | Clusters of creamy white flowers smother this bush through winter providing the most wonderful fragrance. Best planted somewhere you regularly pass to enjoy its scent. It grows as a deciduous, rounded bush, and is easily managed unlike its cousin the Himalayan honeysuckle (climber).  | 20 |
| <b>Lonicera hildebrandiana   SOLD OUT</b>                        | Giant honeysuckle. Worth having for the name alone. An evergreen climber for a hot spot with very large scented apricot flowers. Rare.   | 20 |
| <b>Michelia maudiae</b>  | A profusion of scented white flowers in spring. Small growing evergreen tree. 3m   | 25 |
| <b>Miscanthus sinensis Morning Light   AVAILABLE LATE SPRING</b> | A graceful ornamental grass. The slightly variegated, fine textured leaves sway gently with the breeze, softening the landscape. Tidy upright, rounded form. Tiny crimson red flowers appear in late summer. Drought tolerant 1.5m   | 10 |

|   |   |          |
|---|---|----------|
| <b>Osmanthus x fortunei</b>                                       | A dense holly like shrub with a truly fantastic fragrance from the small white flowers. Autumn flowering. 2m  | 20       |
| <b>Osmanthus fragrans</b>   | This upright shrub/small tree is revered in China and Japan for the heavenly scented flowers. Not as hardy as the other Osmanthus, so choose a warm sunny site. Evergreen, 5m.  | 30       |
| <b>Osmanthus fragrans var. aurantiacus   SOLD OUT</b>             | A rare orange flowered form of the temple Osmanthus. This upright shrub/small tree is revered in China and Japan for the heavenly scented flowers. Not as hardy as the other Osmanthus, so choose a warm sunny site. Evergreen. 3m  | 30       |
| <b>Philadelphus Belle Etoile   AVAILABLE SUMMER</b>               | Abundant single white flowers with a purple blush in the centre. Produces a gorgeous sweet fragrance which wafts through the garden from early to mid-summer. 1.5m  | 20       |
| <b>Philadelphus mexicanus   AVAILABLE SUMMER</b>                  | Mexican Orange Blossom. An evergreen, climbing philadelphus! The creamy coloured flowers hang down and are lightly scented.   | 20       |
| <b>Pittosporum cornifolium   SOLD OUT</b>                         | A native shrub often found growing as an epiphyte in trees or on rocks. <i>Pittosporum cornifolium</i> forms an interesting garden plant. It has an open branch structure, with small, lightly scented red flowers in winter, followed by sticky black seeds which are attractive to birds.                       | 10       |
| <b>Ptisana salicina (King fern)</b>                               | The impressive native King fern. With its bold glossy green fronds, and grand stature, it makes a real statement in the garden. 3m  | 20       |
| <b>Rhopalostylis sapida (Nikau Palm)</b>                          | NZ's only native palm tree. 10m   | 15<br>25 |
| <b>Rhododendron vireya</b>  | <i>Require frost free position with good drainage. Flowers better in a full sun situation though do not let them dry out. They flower intermittently throughout the year.</i>   |          |
| <b>Rhododendron vireya Golden Charm</b>                           | A Jury Hybrid. Masses of golden apricot-orange flower trusses, with red stems and tropical looking dark glossy leaves. A compact, vigorous vireya.  | 18       |
| <b>Rhododendron vireya Jiminy Cricket</b>                         | A cultivar originating from a cross by Os Blumhardt, named by the Jury's. Single salmon-red coloured flowers stand upright above the dense, compact plants. Small, pointed leaves. A hardy, tried and true variety, tolerating cooler, wetter conditions than most. 60cm  | 18       |
| <b>Rhododendron vireya Just Peachy</b>                            | Large, pale peachy-apricot flowers appear throughout the year. Tropical, glossy, green leaves. Prefers morning sun or part shade. Larger growing plant. 1.8m  | 18       |
| <b>Rhododendron vireya Little Devil</b>                           | Dark red, trumpet shaped flowers above glossy, tropical looking foliage. A tidy compact form. Great for a small courtyard, pot or garden border. 1.2m   | 18       |
| <b>Rhododendron vireya Sensation</b>                              | Lightly scented, watermelon-pink flowers with long trumpets on an open truss.   | 18       |
| <b>Rhododendron vireya Tropic Glow   AVAILABLE LATE SUMMER</b>    | Trusses of large orange flowers with a golden yellow throat. Glossy, leathery, tropical looking foliage. 2m   | 18       |
| <b>Rhododendron tuba   AVAILABLE LATE SUMMER</b>                  | A species rhododendron of the vireya type originating from the cooler mountainous regions of Papua New Guinea. Profuse flowering with a cascade of fragrant pale pink tubular flowers. A hardy plant with strong upright growth. 3m   | 25       |
| <b>Rosa Roseaie de L'Hay</b>                                      | One of the best rugosa roses. Rich scented wine-purple double flowers from summer to autumn. A rugosa rose with a dense suckering habit and vigorous, healthy growth.   | 16       |
| <b>Ruellia macrantha</b>  | A wonderful winter flowering shrub; the large bright pink flowers first appear in autumn and continue through until spring. A fast growing perennial with bright green leaves and stout upright stems. Prune hard after flowering. Will grow in sun or shade, frost sensitive, though can be grown in a pot. 1.5m | 14       |
| <b>Salix magnifica   SOLD OUT</b>                                 | Truly magnificent. The large bluish leaves look more like a Magnolia than a willow. Long catkins up to 25cm in length appear in spring. Would look great beside water or in a tropical garden. Hardy upright shrub, prefers some shelter.   | 18       |
| <b>Streptosolen jamesonii (Marmalade bush)   AVAILABLE SUMMER</b> | The Marmalade bush provides a brilliant display all summer long. The small trumpet shaped flowers are two toned - bright orange, with a deeper orange coloured tip. A tough evergreen shrub for a hot dry sunny spot. A rare plant from South America. 1.2m   | 14       |
| <b>Strobilanthes gossypinus   AVAILABLE SUMMER</b>                | An outstanding foliage plant with silvery gold felted leaves. Light shade. 1m   | 14       |
| <b>Trachelium caeruleum</b>                                       | Blue Throatwort. An upright, clump forming perennial with small, delicately scented, violet-blue flowers. Long flowering season, popular with bees and butterflies, great for picking. 0.9m   | 10       |

|  |   |    |
|--|---|----|
| <b>Tree Lucerne   AVAILABLE AUTUMN</b>             | Tree lucerne is a versatile, small, fast growing tree. It flowers during the winter and is an important food source for birds and bees. It is a great 'nurse' crop, firewood, stock food.   | 2  |
| <b>Viburnum x burkwoodii 'Anne Russell'</b>        | A must have plant, providing a welcome winter display. An abundance of pink buds open to heavily fragrant white flowers in late winter. Deciduous, with lovely autumn colours. 1.5m   | 14 |
| <b>Viburnum x hillieri   AVAILABLE LATE SPRING</b> | Masses of fragrant creamy white flowers in early summer. An attractive medium sized, semi-evergreen shrub with narrow bronze coloured leaves, ageing green before turning vivid shades of plum red and bronze before falling. 3m    | 20 |
| <b>Viburnum Newport   AVAILABLE SUMMER</b>         | One of the best viburnums. A compact, tidy shrub with masses of showy, white snowball flowers in spring. Superb autumn colour with the leaves turning a rich burgundy. 1.5m   | 14 |
| <b>Viburnum Onondaga   AVAILABLE LATE SUMMER</b>   | A stunning deciduous Viburnum. Maroon coloured new leaves emerge in spring, fading to green, turning red again in autumn. Spring flowering, a white lacecap type with pink true flowers in the centre. Full sun or part shade. 1.8m | 20 |

---

## Grandma's Hydrangeas

We have a range of charming old Grandma Hydrangeas. Actually they are a series of forgotten varieties that were nearly lost to cultivation. Most of these have disappeared in Europe; and in NZ haven't been available for decades. We are indebted to the late Os Blumhardt for keeping these plants when everyone else had forgotten them. The varieties with an \*\* are ones from Grandma's day.

### Colours

The macrophylla or large leaf Hydrangeas are fabulous shrubs for providing colour all summer and into autumn. Many have heads which change colour in the autumn and these are called antique colours. Many are ideal cut flowers. Hydrangea colours are nearly all changeable depending on your soil. Alkaline or limey soil gives pinks and reds while acid soils make for good blues. It may take a year or two for blues to show their true colours.

Note: When you purchase your blue hydrangea it will often be pink / purple for the first year or two as they are grown in potting mix which has insufficient aluminium to produce full blue colour.

Hydrangeas like plenty of moisture and most will perform well in sun or shade. A mulch of bark or woodchip will aid their establishment and ongoing health.

The smaller growing varieties make excellent tub and patio plants. It is much easier to grow reds and whites in pots than it is to grow good blues as most potting mixes do not contain free aluminium which is essential for blues.

**If you know of a friend who might like a catalogue, please feel free to spread the word about Hydrangeas and provide our contact details!**
